Q12) Briefly explain the impact of industrialization on Europe.

Ans) The impact of industrialization on Europe was twofold. -

- (1) Industrialization created new social classes whose existence was based on the market.
- (2) New social groups emerged, including the working class and the middle class.

Employee orientation -

Employee orientation is a crucial onboarding process designed to integrate new hires into an organization smoothly. It involves a structured introduction of comp's culture, policies, procedures and their specific roles and responsibilities. They also receive essential info about comp's history, mission, & values, along with practical details like benefits, compensation & workplace safety.

Meeting key team members, setting up necessary technology & touring the facilities. Effective orientation fosters a positive impression, aids in quicker adjustment & makes them comfortable.

Things that it includes in list form -

- 1) welcome & introduction.
- 2) comp's overview.
- 3) Policies & procedures.
- 4) Employee handbook.
- 5) Job-specific training.
- 6) Benefits & compensation.
- 7) Tour of facilities.
- 8) IT setup access.
- 9) Feedback & follow up.
